Description

The apartment has been totally renovated with works completed in February 2016. It offers high quality finishes and excellent equipment such as air conditioning Haikin, double glazing and electric blinds. The ambient light is one of the great advantages. The apartment has plenty of natural light but also a special lighting system: LED, ceiling with indirect lighting, presence and emergency lights ...At the entrance, you will find a large hall and corridors, a complete social bathroom with hydro massage, heating towel and a system of water cuts. Further, a suite with wardrobe offers an incredible sea view, and a view on the mountains. The bathroom is complete with shower. The second suite of over 20m2 has the same criteria, sea view, bathroom with shower I, fitted wardrobes, telephone and television connection. There are more standard bedrooms, one with sea view and closet, and one that can be used as an office or as an employee room. It has common balcony to kitchen and access to social WC with window. The kitchen is very functional and very well equipped: island plan, Miele appliances, water heater Watertight (minimizing carbon dioxide emissions), water system with energy saving. It has utility room and balcony. The main room is over around 60m2, full of light, with sea view. The walls lined with stone and wood, and the wooden floors give the property a very cozy touch. Situated about 3 minutes' drive from the town historic center, the apartment has a good location in a quiet residential area and with good accessibility. It is near the famous English minimarket GB Superstore. Very good opportunity for investors (the property is leased)
